Abdulraouf Essam

I am a student at the Faculty of Computers and Information, Assiut University, third year. I am currently learning the Front-End and have reached JavaScript.

And I will soon learn framework.

I participated in the ICPC competitions for two years 21 , 22 and we made an honorable effort.

Experience

03/2021 - Current

ICPC Assiut University Community , Egypt

Mentor

- I help new students learn programming and develop themselves in solving problems.
- Develop student confidence and increasing student commitment to learning programming and problem solving.

Education

Computers & Information , Information System

Assiut University - Assiut, 2024

- I learned the basics of data structures and object-oriented programming and did an object-oriented programming project.
